

Hello FBC Families! (I miss you and your children so very much!!)

I want to continue to come alongside your family as you work to raise your children as enthusiastic followers of Christ. I'm hoping to assist you with your at-home children's portion of your Sunday morning family church service. This can take as little as 5 minutes or can last as long as desired, includes your whole family, and incorporates Bible verses, singing, a video, discussion, and prayer.

Now that we're recording and providing our K-6th Kids Church services for at-home use, I am giving you "At-Home Kids Family Kids Church" lessons based on the songs we sing in Kids Church each Sunday.

I intentionally schedule songs in a way to best help kids memorize verses. "Faith" will be taught two weeks in a row, then "Call to Me" will be taught two weeks in a row, then we'll repeat "Faith" and then repeat "Call to Me". Therefore, we'll have three weeks of each song, with the third lesson being a review. Each week will have its own lesson and activity.

Alongside the new Seeds of Family Worship song I teach each week, we review old songs, totaling two Seeds of Family Worship songs a week. We sing the old songs two weeks in a row and then we change to the next old one. I only provide "At-Home Family Kids Church" lessons for the new songs, which are always the first song we sing each week. However, I created and provided "At-Home Family Kids Church" lessons for all of these "old" songs earlier this year; you can find each one on our [Children's Ministry webpage](#).

What to do with these "At-Home Family Kids Church" lessons:

Pray, read the passage aloud, and then play the video. Confidently do the hand motions with your kids. (Lead by example! Don't be too cool to do it. 😊) Discuss the verses with your kids, using the discussion questions as prompts as desired. (Select the questions you'd like to use and modify the questions and teachings based upon the age of your children.) If you'd like to go deeper, consider reading aloud the entire passage around the verses and continuing your discussion. Close in prayer.

If you'd like to continue throughout the week, watch and sing with the video and keep asking questions about the verses. I keep all previous weeks' videos on our webpage so you and your children can view them anytime. Reviewing is key to learning!

God bless you as you continue to lead your children in the knowledge and love of the Lord!
Seeking to Raise Enthusiastic Followers of Christ,
