Rod & Margi Powell are career missionaries having served the Lord for more than 35 years in England, Russia and Israel. Due to problems in obtaining long-term visas, they're currently based in the United States where they're serving with East-West Ministries Int'l. Rod's been making short-term trips to Tajikistan and the Powells are praying about longer-term ministry opportunities there. Until then, they're happily ensconced in ministry in Portland, Oregon and doing the same kinds of things there that they did in Europe: evangelism, teaching the scrip-

tures and discipleship. And you only have to see the news to know that God is very much needed there! In spite of his age-or maybe because of it-college students and young adults are reaching out to Rod to help them along in their faith, witness and outreach. Rod grew up in Oak Harbor. He and Margi are connected to Family Bible Church through Alan & Terri Schell who've been their friends for almost four decades. The Powell's have two adult children who are married and living in Los Angeles and Madison, WI. They also have five grandchildren and-after praying about it-have decided that that's enough!
