Sunday's Sermon:
Forgiveness and Trust
Matthew 18:21-35—Part 2

**TO MASK OR NOT TO MASK,
THAT IS THE QUESTION.***

Recently the CDC has determined:

COVID 19 vaccines are effective at protecting you from getting sick. Based on what we know about COVID-19 vaccines, people who have been fully vaccinated can start to do some things that they had stopped doing because of the pandemic.

These recommendations can help you make decisions about daily activities after you are fully vaccinated. They are *not* intended for healthcare settings.

<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated.html>

To remain consistent with CDC recommendations, your fully vaccinated family has the freedom to forgo wearing masks. We encourage you to responsibly assess the risk and guide your family appropriately. When you have determined your family is safe, feel free to remove your mask.

With the variety of opinions in dealing with COVID 19, we would like to encourage you to avoid making assumptions or judgments about others who are opting to make different choices.

****We will continue to expect the children not eligible for vaccination to wear masks until that risk to our children is averted.***
