Kelly and Linda Shattuck joined the Youth Dynamics Communities staff in Idaho in November of 2019.

While going to the University of Hawaii, Kelly came to know Jesus Christ. And while pursuing his love for Jesus, it took him from Hawaii to California where Kelly met and married Linda, who joined him on adventures that took them to live in places like Washington State (Oak Harbor), San Jose, California, as well as ministry to youth for 13 years in the former Soviet bloc country of Slovakia.

After 30 plus years of full time ministry to young people in the States and foreign countries, Kelly returned to the USA in 2009 to work in the private sector for 10 years. Then in November 2019, the Lord blessed Kelly with the opportunity to return to his third love as Youth Dynamics Regional Director for Communities in Idaho. (He says, "Jesus is my first love, my wife and family are my second, and young people are my third.").

Linda came to Christ at an early age and wanted to serve Jesus as a nurse on the mission field or in the Air Force. She obtained her RN with a B.S.N. from San Jose State University with a desire to work in pediatrics. She also received her CPN (Certified Pediatric Nurse). Along with helping Kelly in various capacities within the Youth Dynamics ministry, she works part-time as an RN at St. Luke's Hospital in Boise doing hospital triage. She also teaches Sunday School and Bible Study for women at a local church in Horseshoe Bend. They have four children and twelve grandchildren.
